1 Responsibilities and authorities in regulatory affairs and their interaction on national, european and U.S. american level

1.1 Authorities and responsibilities in the USA

1.1.1 Legislative Process

The process of creating and approving laws in the United States involves several steps and the collaboration of various institutions, including Congress, the Senate, and the House of Representatives. As it is a quite complicated procedure, the following section provides a quick overview or summary of the legislative process.
